

Tennis Club Geek Squad

The court online booking system goes live **March 1, 2017**. You can book courts for that day beginning February 26 at 8 p.m. Until then, use the paper booking sheets posted.

If you need help with this online court booking process, first use these instructions (extra copies posted in the box to your left). Find a tennis friend who has done this and have him or her ride shotgun as you book your first court online. If you still need help or coaching, please contact one of the following **Tennis Club Geek Squad** members:
